

# **MITSUBISHI HEAVY INDUSTRIES AIR-CONDITIONERS AUSTRALIA, PTY. LTD.**

news release news release news release

**7<sup>th</sup> October 2010**

On the 1<sup>st</sup> January 2011 – Mitsubishi Heavy Industries Air-Conditioners Australia Pty, Ltd. (MHIAA) will embark on direct sales in New Zealand by opening a branch office in Auckland.

Marketing, recruitment and business activities will commence in October 2010 from our new premises based in Albany.

Mitsubishi Heavy Industries, Ltd. has a wide range of air conditioning product that is uniquely suited to the New Zealand market with excellent performance, leading energy efficiency and recognition in the energy star program.

The new business unit will allow the Mitsubishi Heavy Industries, Ltd. air conditioning products to be more competitive in the New Zealand market. Dealing direct with the manufacture has obvious benefits to our customers with access to our global support network.

The current distribution agreement with Temperzone which has existed over the past seven (7) years will expire on the 31<sup>st</sup> Dec 2010.

MHIAA would like to welcome new and existing customers to contact our New Zealand based staff to discuss potential business relationships for 2011.
